This response is being submitted within the 3-month extended response period. A request for a 3-month extension of time is enclosed with this reply.

Claims 1, 3-13, 28-36, 38-47, 62 and 63 are pending in the Application at the time of this official action.

Applicants point out that the Examiner has provided a new basis for rejection under 35 § 102(b) and new references against claims 1, 28-35, 36 and 62-63. Applicants respectfully suggest that a final rejection is, therefore, inappropriate. Applicants respectfully request that the Examiner withdraw his final rejection.

Applicants traverse the rejections presented by the Examiner and present the following arguments and amendments.
